

First Forum Italo-Kazakho, 'Trade Investment opportunities on the road to Kazakhstan " 7 Ottobre 2024

Livio Mazzuocolo: General Director Confindustria Kazakhstan

Dear Associates, Partners and Friends,

would like to take this opportunity from the issue of our September newsletter to invite you all to a very important event for our organisation: the first Italian-Kazakhstan Forum to be held on 7 October in Milan.

The event that will be held at the Lombardy Region Palace is an event to which all the most important Italian and Kazakh institutions have contributed: Italian and Kazakh Embassies, Assolombarda, ACIK QazTrade, Kazakh Invest and many companies that have sponsored and contributed to the content of the presentations.

The Forum: 'Trade Investment opportunities on the road to Kazakhstan' is an event of great institutional, industrial and commercial importance and aims to strengthen economic cooperation and consolidate the ties of Central Asia with Europe.

In particular with Italy which is in a unique privileged position due to the excellent industrial relations established for over 30 years with the Republic of Kazakhstan and renews with this event its deep cultural and cooperative ties.

The forum is attended by leading companies in the Italian and international industrial panorama that boast an influential position in both countries.

The presence of numerous trade associations and a mission of Kazakh companies will enrich knowledge and skills on Kazakhstan and its opportunities in various sectors: Engineering, Renewable Energy and Pharmaceuticals with case studies, pilot projects and presentations of skills in strategic industrial sectors.

This Forum represents an important opportunity to discuss and follow up on the guidelines set out by President Tokayev at his recent meeting with the Italian government in Rome in January this year. .

On that occasion he highlighted how Central Asia is a strategic front for Italian interests.

Equally significant was the visit of the Italian Minister of Foreign Affairs, Antonio Tajani, to Kazakhstan, where economic, industrial and development cooperation initiatives were promoted to facilitate trade and investment between the two countries, further strengthening our economic and commercial ties.

The morning session on the 7th October is dedicated to institutional and government meetings while the afternoon will be dedicated to businesses.

The latter is promoted and organised by Confindustria Kazakhstan and Assolombarda in particular divided into 4 moments:

- 1) Presentation Confindustria Kazakhstan and Assolombarda
- 2) Renewable Energy and Hydrogen Engineering
- 3) Doing Business in Kazakhstan
- 4) Pharmaceutical Sector in Kazakhstan

The detailed agenda of the afternoon session is attached here
