SPOTLIGHT

Integrated design for solutions that combine aesthetics and efficiency

Valter Macchi – GM SPERI KAZAKHSTAN

In November, SPERI Kazakhstan (www.sperispa.com) proudly inaugurated its new operational base within the prestigious Abylai Khan Plaza in the heart of Almaty. From the very beginning, the team has been fully engaged in high-profile design tenders launched by regional Akimats, while actively supporting private development initiatives through a solid network of relationships with key investors in the architecture and infrastructure sectors. Our activities continue to grow, always guided by our unwavering commitment to the core principles of our Mission and Vision.

Mission – at SPERI Kazakhstan we strive to enhance the safety and comfort of citizens by leveraging our technical expertise and holistic approach. We highlight the Kazakh national identity while incorporating Italian excellence, sustainability, and ongoing innovation.

Vision – “Together for a sustainable tomorrow”, we are committed to continuous improvement, innovation, and sustainability. We care about our clients, the nature and environment. This enables us to understand our clients’ needs, work with them to define and deliver the most appropriate and sustainable solutions and ultimately fulfill their expectations. This is our vision, this is us, together for a sustainable tomorrow. We are committed to continuous improvement, innovation, and sustainability.

Our outreach starts from made in Italy and covers the whole World, with operational offices in London, Miami, Dubai, Tanzania and Kazakhstan

At SPERI Kazakhstan, our journey is driven by a passion for architecture and Engineering design that enhances lives and communities. We are proud to lead an organization that combines Italian craftsmanship with the vibrant Kazakh spirit. Thanks to the union of five historic Italian Architecture and Engineering firms (SPERI, BMSTUDIO, Studio Latini, Xoffice, and Studio KR) we can guarantee the highest level of expertise across the main development sectors:

Urban Planning, Residential, Hospitality, Healthcare, Office and Commercial, Educational, Public Buildings, Interior Design, Airports, Dams, Bridges and Viaducts, Logistics, Ports, and Roads.

Our mission is to create environments that are safe, comfortable, and sustainable, reflecting our expertise and a commitment to continuous technological improvement. We are excited about the future and the impact we will make together.
